

Lake Forest Toll Tag Entry System Form

Lake Forest has implemented a new toll tag system. Currently, it is using the toll tags from the old system to allow access to everyone who previously had their toll tags entered. There are many excess tags in the system now.

Please fill this form out completely with each toll tag number for vehicles you wish to enter Lake Forest automatically by having the toll tag open the gate. **We will be deleting all present toll tags after we enter these, so it is critical that you send this form to Guardian Management if you wish to continue toll tag entry.**

IMPORTANT: Toll tag access is limited to only residents and immediate family members. Any others you wish to grant access to should be listed as guests in the Dwelling Live system.
